

Colonoscopy Prep Instructions

Sutab Prep Instructions

7 DAYS PRIOR TO YOUR PROCEDURE:

Stop taking iron. Multi-vitamins are ok. If you take aspirin or NSAIDS such as Advil, Aleve, Motrin, Celebrex or ibuprofen, you may continue to take them as usual unless otherwise instructed by your physician.

- Do not take laxatives while taking SUTAB.
- Do not take oral medications within 1 hour of starting each dose of SUTAB.
- Do not take tetracycline or fluoroquinolone antibiotics, iron, digoxin, chlorpromazine or penicillamine, within 2 hours BEFORE and within 6 hours AFTER taking each dose of SUTAB.

3 DAYS PRIOR TO YOUR PROCEDURE:

Stop eating fruit/vegetables with skin (peel), nuts, seeds, popcorn and corn

1 DAY PRIOR TO YOUR PROCEDURE:

Do not use Marijuana, in any form (including edibles) 24 hours prior to procedure.

You may eat a low residue breakfast: eggs, white bread, cottage cheese, yogurt, grits, coffee, or tea.

After breakfast, START a clear liquid diet (no later than 8:00 AM)

- Examples of clear liquids are Gatorade, Pedialyte, Powerade, clear broth, coffee/tea (without milk or creamer), carbonated soda, Kool-Aid, fruit-flavored drinks, apple juice, Jell-O, popsicles, or honey.
- Examples of non-clear liquids are red or purple liquids, alcohol, milk or non-dairy creamers, noodles or vegetable soup, juice with pulp, or any liquids you cannot see through

The following medication/ prep items will be sent to your pharmacy:

Sutab Prescription

For individuals diagnosed with diabetes:

- **DAY BEFORE PROCEDURE:** Check your blood sugar often while on clear liquids and prepping.
- **NIGHT BEFORE PROCEDURE:** Do not take your ORAL diabetes medication.
- **NIGHT BEFORE PROCEDURE:** If you are on INSULIN take 1/2 your normal dose.
- **MORNING OF PROCEDURE:** Do NOT take diabetes medications.

For individuals diagnosed with hypertension:

- **DAY BEFORE AND DAY OF PROCEDURE:** Take your regular high blood pressure medications

For individuals with a medical history of seizures:

- **DAY BEFORE AND DAY OF PROCEDURE:** Take your regular seizure medications

For individuals currently on anticoagulant/ blood thinner:

- We will contact you with instructions once we have approval from your provider.

You are ready for the exam if you followed all of the above instructions and your stool is no longer formed, but clear or yellow liquid.
